

Student Activities

HS football is 3-3 pending the results of the Scotland County game. Football Senior Night will be October 19th, which will be a Saturday game against Highland. Game time is 7:00 pm.

Softball is 11-9 and gearing up for the District tournament beginning on Thursday, October 17th. The softball team received the #2 seed. Softball will play Scotland County on October 17th.

We have accepted a bid from Tony Snelling (\$3,000) to make improvements to the backstop and fences to the baseball field. This includes replacing chain link, repairing poles and supports, and installing a utility gate on the 3rd base line fences. Work is supposed to begin this fall if the weather cooperates. Rich Green is remodeling the baseball concession stand this winter, to include new cabinets and a new sink, paint, etc.

We are still awaiting a bid from Kevin Fromm to remodel and update the football bleachers and press box entrances.

We need to consider making an investment in remodeling the football field house (plumbing is a major issue) and an addition (or new field house) to accommodate visiting cheerleaders and officials, as a minimum. Showers are not adequate, the toilets don't flush properly, and we need to install a commercial washer and dryer for washing uniforms. (This could also be used by basketball.) Our coaches either use their personal washers and dryers or the residential type located in the high school.

JH basketball is in action. First game is October 29th. Noah Talton and Danelle Golden are our coaches. Varsity basketball practice will kick off on November 7th

JH softball and football will wrap up their seasons this week.
