Information for board:

Virtual Learning (Week of 11/9-11/13)

All teachers are working at school to teach virtually, unless they are quarantined or symptomatic. Staff members have also been able to bring their children to school, so that they don't have to worry about child care and what to do with their kids while they are working. This has worked out well for staff and their children as they are able to get their school work done while at school.

Student participation is around 90%. Title teachers, Specials teachers and paras have been working with classroom teachers to reach out to families to provide them with extra support during this time. This has been received well by families.
