Knox County Elementary

Virtual learning went really well in November.

I have to give a shout out to all of my staff. They came together to help one another, to meet the needs of our students. Specials and Title teachers worked with classroom teachers to check in on students and families who were having technology issues or who weren't turning in work. Para's jumped in and helped out with their assigned grade levels/classrooms and did the same thing. Our virtual learning experience this time, was much smoother than the one we had in March.
