Knox County R-I Board of Education

From: Nancy Goodwin
Federal Program's Coordinator

Re: Administrator's Report

Distance Learning

- We are in the final week of virtual instruction. SPED students continue to be provided modifications and accommodations as needed on their work as well as work to address IEP goals.
- Special Education Summer School will take place in person, in small groups, for elementary and a select few middle school students
- Virtual IEP meetings are almost all complete.
- We will attempt to complete initial evaluations for special education over the summer.
- Teachers are completing end of year paperwork and updating IEP's. I expect several form changes in the near future to address virtual learning in the IEP document.

Federal Programs:

- Letters regarding preschool for 2020-2021 are delayed this year due to the inability to finalize screenings on all students. PAT and I are working on a plan to finish the process and notify parents.
- All required documents have been submitted for our Title Progress Monitoring. We are waiting to hear on our final submission to see what further information may be needed. Our first 3 submissions went very well with very few corrective actions needed.
- Application for the CARES Act grant has been submitted.
