10,276 Total Meals

*Thank you for continuing to partner with Opaa! Food Management!*

October was a busy, but FUN month. We started off by decorating the kitchen for homecoming. We also made a kitchen float and rode in the parade. After homecoming we switched up the decorations for National School Lunch week. We had fun things going on that week and gave away some prizes to the kiddos. We finished the month off with team building activities and did pumpkin carving and participated in trunk or treat up town on the square.

Breakfast and Lunch Participation continues to be very satisfactory. We have added Waffle Bar on Wednesday and Yogurt Bar on Monday. So far the kids have been pretty receptive of it. We have another big breakfast adventure planned, but I'm going to keep you guessing until next month!
