Thank you for continuing to partner with Opaal Food Management!

First of all, Happy (almost) Christmas break!

I am happy to report that the Knox County R1 Kitchen made the good list this year! Mr T, Mrs Goodwin & myself, applied for a grant in October, and just received word a couple weeks ago, that we were awarded the grant. The grant is a \$25,000 equipment grant & will be used to purchase a new walk in cooler.

Mr T & I introduced the Junior and Senior class to the omelet station. I think the kids that actually remembered to eat really enjoyed it. I really need to brush up on my flipping skills, but they are slowly improving!

The kitchen has been a busy place this month with daily duties and the 12 days of cookies. Needless to say I am sick of looking at cookies, but it makes the kids happy and thats what it's all about.

We hope you have a very Merry Christmas!
