

Missouri Option Program Information & Application

KNOX COUNTY R-1 MISSOURI OPTION MISSION

The Knox County School District has implemented the Missouri Option Program for those students who, for whatever reason, are not able to graduate with their cohort group. Also, the program is for those who would like to come back and re-enroll as a student to achieve their high school diploma. The KCR-1 Missouri Option Program is committed to helping those students who have realized the importance of earning a high school diploma achieve their dream of being a high school graduate.

Ms. Becky Barnhill, Middle/High School Principal

Mr. Troy Carper, Assistant Principal

Mrs. Mandi Delaney, High School Counselor / Missouri Options Coordinator

Student Eligibility

Age: Student's must be at least 17-years old, at least in their senior year and no more than 20 years of age.

Credits: Students must be at least one year's credit behind their cohort group (class), or for other significant reasons identified in the local plan, be unable to complete their diploma with their cohort group. Cohort is defined as the year that a student enrolled in Kindergarten

Locator: Students must have at least an 8th grade reading and math level. There may be exceptions pending the student's strengths and needs. This information can be pulled from standardized testing (MAP Testing, iReady, etc.).

Students must be officially enrolled in Knox County R-1 School District to enroll in the Missouri Option Program – the student does not need to be enrolled to apply, but once the student is accepted, they must enroll, obviously – the student must live within the Knox County School District boundaries, however.

Enrollment Process

- Students must fill out The Missouri Option Program (MO OP) Application located in the back of this information packet.
- Students, along with their parent(s) or guardian(s), must complete Parts I and II and sign The Missouri Option Program Contract.
- After the MO Option application is reviewed, the student will take part in an interview with the Missouri Option Coordinator.
- If the student has a 504 plan or an IEP, the 504 plan or IEP must be sent to the Missouri Option Coordinator in order for it to be reviewed by the KCHS Special Education Coordinator, Mrs. Melissa Vannoy, to determine the type of interventions or accommodations the student will be eligible to receive for the HiSET test.
- Students completing the Missouri Option Program will receive a Knox County School District High School Diploma and will be considered a high school graduate.
- A student will complete the program and receive their high school diploma when they have met the following criteria:
 - *1 credit in an American Government class*
 - *Passing score on the Missouri Constitution test*
 - *Passing score on the US Constitution test*
 - *1/2 credit in a Personal Finance class*
 - *1/2 credit in a Health class*
 - *Completion of CPR Education (Within Health class)*

- *Completion of all State Assessments (EOC's)*
 - *Successful completion of the HiSET exam*
 - *Successful completion of the class hours required in the program*
 - *Successful completion of the work hours/volunteer hours required for the program*
- 4th year senior students who have all of the criteria for graduation completed before the scheduled graduation date may stop attending class but must bring in, on average, 30 work or volunteer hours per week.
 - The student will not receive their diploma until their cohort group's graduation date. They may receive a copy of their transcript showing that all coursework is completed and a diploma will be issued in June.
 - Those students whose cohort group has already graduated and have all of the criteria for graduation completed are eligible to receive their diploma upon completion of the program, regardless of when during the school year that may be. These students are allowed and encouraged to walk in the KCHS / MO OP graduation ceremony for that year.

Post-Graduation

If you plan on attending college after graduation, it is important to let the MO OP Coordinator know. The MO OP Coordinator will contact the school of your choice to inquire about entrance requirements. Both the MO OP Coordinator and the FHU Guidance Counselor are very knowledgeable about post graduate studies and it would be wise to go through them in order to avoid any hiccups while applying.

Cost

The Missouri Option Program costs nothing to attend. However, there is a cost associated with the HiSet. The cost for the HiSet is \$95 (\$60 registration fee and \$7 per sub section). The Knox County School District will pay for each student to take their first full test.

***IT IS VERY IMPORTANT THAT EACH STUDENT HAVE A VALID STATE ISSUED ID (DRIVERS LICENSE, PERMIT, NON-DRIVERS PHOTO STATE ID, PASSPORT). A STUDENT WILL NOT BE PERMITTED TO TEST WITHOUT A STATE ISSUED PHOTO ID!**

Attendance Procedures

- Students are required to attend 15 hours of school per week (3 hours per day).
- All missed hours or absences must be made up before a student will be allowed to graduate.
- If a student is absent, please call the Missouri Option Coordinator at the following number: 660.397.2231
- If a student begins to accrue a large amount of missed hours, the parent or guardian will be contacted and a plan of action will be discussed to decrease the number of unexcused absences.
- If a student acquires 30+ missed hours, the student will be put on an attendance contract. The bulk of said contract will stipulate that if a student acquires one more unexcused absence, he or she will be dropped from the Missouri Option Program.
- Each student is allowed to be enrolled in the Missouri Option program for a maximum of 2 years, if the requirements for graduation are not met in that time, the student will be dropped from the program.

Late (Tardy) Arrivals

- Promptness is a requirement! Being on time is the responsibility of the student just as it would be for a job.
- Students who arrive late will be required to make up any time missed.
- Students are required to make up time missed by either coming early, staying late, or continuing to come after all other requirements for graduation are met, until the missed hours are made up.

Work Requirement

- Students will be required to have proof of a job, community service, or other supervised activity before they are admitted into the program.
- Students will be required to work a minimum of 15 hours a week.
- Having a job is not the only option for this requirement, a student may do volunteer work, and gives the student at least 15 hours a week.
- Students will be required to stay at the same employment during the duration of this program unless legitimate and/or unplanned circumstances occur that forces the student to leave or quit.
- Being fired is **not** an option.
- If a student does not abide by this, he or she will be removed from the program
- **STUDENTS MUST HAVE ALL OF THEIR WORK HOURS UP TO DATE BEFORE BEING ELIGABLE TO GRADUATE.**

- In order to qualify to participate in the graduation ceremony ALL of the requirements for graduation (listed above) MUST be completed by **April 4, 2026**.
- Students completing their coursework *after* April 4, 2026 will still be eligible to receive a high school diploma , just not be able to participate in the graduation ceremony at the end of May.
- Missouri Option Program graduates participate in the Knox County High School graduation ceremony
- *Please contact the MO OP Coordinator for more info about the graduation ceremony.*

Program Location

- The Missouri Option program is located at Knox County High School in the High School Library

Discipline Issues

- Discipline issues will be handled by the Principal and Assistant Principal of Knox County High School.
- If discipline issues become disruptive to the positive learning environment, the student will be removed from The Missouri Option Program.

School Closing Due to Inclement Weather

- Please refer to student handbook

Resources for Missouri Option Students

- Prep coursework via Edmentum Courseware
- After school and/or weekend studying support

The 5 Subject-areas on the HiSET exam

1. Language Arts - Writing – 2 parts

- A. Part I has 50 multiple-choice questions (75 minutes).

Test includes the following: Organization of ideas (20%), Language Facility (25%), and Writing Conventions (55%) b. Part II is an essay (45 minutes).

2. Language Arts - Reading

- A. This subtest has 40 multiple-choice questions (65 minutes).

This test includes the following: literacy texts (60%) and informational texts (40%).

3. Mathematics

- A. This subtest has 50 multiple choice questions (90 minutes).

Content of the test includes Numbers and Operations of Numbers (19%), Measurement/Geometry (18%), Data Analysis/Probability/Statistics (18%), Algebraic Concepts (45%)

- *a calculator will be provided for the entire math subtest.*

- A. This subtest has 50 multiple-choice questions (80 minutes).

This test includes the following: natural history (25%), economics (20%), civics and government (25%), world history (15%), and geography (15%).

5. Science

- A. This subtest has 50 multiple-choice questions (80 minutes). This test includes the following: life sciences (25%), physical science (25%), earth science (50%).

Frequently Asked Questions (FAQ)

(Partially taken from: http://dese.mo.gov/divcareered/Missouri_option_faq.htm)

The Missouri Option Program is available in participating public school districts and eligible agencies during the regular school year. To offer this program, local schools must meet requirements established by the Missouri Department of Elementary and Secondary Education. Participation is voluntary for schools and students.

What is the Missouri Option Program?

- The Missouri Option Program is designed to target students who have the capabilities to complete Missouri High School Graduation Requirements, but for a variety of reasons lack the credits needed to graduate with their class and are at risk of leaving school without a high school diploma.

- The program specifically targets those students who are 17 years of age or older and are at least one year behind their cohort group or for other significant reasons identified in the local Missouri Option Program plan.

Note: For the Missouri Option Program, cohort is defined as when a student started kindergarten, not high school.

Does the military accept the Missouri Option Program diploma?

Yes, but with some caveats:

- Marines – Accepted, but cannot start until diploma is issued
- Army – Accepted with an ASVAB score of 50 or higher
- Navy – Accepted
- Air Force – Accepted

Do Colleges / Universities accept the Missouri Option Program diploma?

- Yes, but not all.

Below are a couple of examples:

- University of Missouri, Columbia (Mizzou) - At least a 15 on each subtest
- Lindenwood University – Admissible on a case by case basis
- University of Missouri, St. Louis (UMSL) – At least a 15 on each subtest and a 24 or higher on ACT
- Southeast Missouri State University (SEMO) – At least a 15 on each subtest AND at least an 18 on the ACT

When did the Missouri Option Program begin in Missouri?

In 2002 the Missouri Department of Elementary and Secondary Education initiated the Missouri Option Program. The program is approved by the American Council on Education (owners of the GED Tests) and the Missouri State Board of Education.

How does the Missouri Option Program benefit a school?

School Districts approved by DESE to participate in the Missouri Option Program can continue to receive average daily attendance funds for the participating students. Additionally, students remain in school and are not required to dropout when it is time to take the HiSET. Once the school district issues a High School diploma, participants are then counted as graduates.

Note: The Knox County High School Missouri Option Program diploma is a regular high school diploma; it is not “other” or “alternative”. The diploma awarded to graduates of the KCHS Missouri Option Program is exactly the same as a diploma awarded at one of the traditional high schools.

How does the Missouri Option Program benefit a student?

Students in the Missouri Option Program will be provided guidance and counseling services consistent with the high school program. Ongoing academic/career advisement will be provided by the Missouri Option Program instructor(s), with supplemental guidance and counseling provided, as needed. Students will have access to all educational programs and services available in the school district, have the opportunity to stay in school, receive valuable academic and life-skills instruction, earn a High School diploma, and have the option of taking part in commencement ceremonies.

What is required of Missouri Option Program students?

A minimum of 15 hours of academic instruction per week will be provided. Students must also be enrolled in other school supervised instructional activities (career education courses, elective classes, work experience, etc.) that lead to student's classification by the district as a full-time student. The school district should provide a level and quality of education that ensures the integrity of the Missouri Option Program and locally issued High School diploma.

School districts may have additional requirements when issuing a regular high school diploma that is consistent with what is required of all students. They must take the MAP tests appropriate for their age/grade level. They must take a course in government and the functions of government and pass the required tests related to the U.S. and Missouri Constitutions. In addition, they must participate in appropriate substantive counseling and life-skills training that will assist them with job-readiness, financial management and independent living skills.

If a student takes the HiSET, what documentation will the district receive from the state verifying the student's results?

The HiSET Tests are designed to measure the major academic skills and knowledge associated with a high school program of study. Students enrolled in the Missouri Option Program take (and pass) the HiSET Tests to demonstrate and document the attainment of high school-level skills. The HiSET score report is one of the academic components required for the awarding of a high school diploma by the local district, and as such, is placed in the student's permanent record. Since the purpose of the Missouri Option Program is to qualify the student for a high school diploma, the scores are only valid in that context.

What happens if a student fails to complete the Missouri Option Program?

Should a student fail to complete other program requirements even if they have achieved a passing score on their HiSET, they will receive neither a high school diploma nor a certificate of High School Equivalence (HSE). Their status will revert to that of a high school dropout. The student would have to take the HiSET Test as a dropout to be eligible to earn a HSE certificate.

What are some common misconceptions about the Missouri Option Program?

The Missouri Option Program is **NOT** an "early out" program or "easy out" alternative. It is specifically intended to meet the needs of students who are credit-deficient (for whatever reasons), but who otherwise could be expected to meet regular graduation requirements. This program is NOT just intended to prepare students for the HiSET Test; it must provide substantive academic content aligned with the school's regular curriculum and expectations. Students must attend school regularly and have access to the kind of counseling and support services that are available to all students.

KNOX COUNTY SCHOOL DISTRICT

MISSOURI OPTION PROGRAM

APPLICATION AND CONTRACT

This Application MUST be filled out completely. PLEASE PRINT CLEARLY!

Part I: To be filled out by the applicant along with the parent(s)/guardian(s)

Student Name _____

Date of Birth: _____ (MM/DD/YY)

Home Address: _____

City: _____ State: _____ Zip: _____

Phone Number: _____

Do you currently have an IEP, 504 plan? YES or NO (Circle one)

If you have an IEP, who is your case manager? _____

Please provide the name(s) and phone contact(s) of your parent(s)/guardian(s) (if you are your own, please mark that)

Parent / Guardian Name: _____

E-mail: _____

Home Phone #: _____ Cell or Work phone: _____

Name of Emergency Contact: _____

E-mail: _____

Home Phone #: _____ Cell or Work phone: _____

Does the student have any medical conditions that we need to be aware of? YES or NO

If yes, please list (be sure to turn in the proper medical forms to the KCHS Nurse):

What is the student's plan for transportation to and from the program?

Student's plan for achieving the 15 hour work requirement:

Please state where the student is working and or volunteering:

Part II: To be filled out completely by the student / applicant Please answer each question completely and LEGIBLY!

Why do you feel you are a good candidate for the Missouri Option Program?

What difficulties have you experienced in school in the past that has stopped you from succeeding?

What do you feel are your strengths and weaknesses?

Part III: To be filled out by KCHS Administration / Coordinator

Name of student: _____

Grade: _____

Date of Birth: _____ Age: _____ Cohort Graduation Date: _____

Counselor: _____

Current total credits: _____

Please answer yes or no to the following:

_____ 1) Has the student ever been retained? If so, how many years and when?

_____ 2) The student is currently enrolled in their home school

_____ 3) Parent Contacted?

_____ 4) The Missouri Option application and contract is completed and signed by both student and parent / guardian (parent / guardian must approve and sign regardless of student age) with appropriate contact information

_____ 5) 1 credit of American Government complete

_____ 6) 1/2 credit in Health complete

_____ 7) 1/2 credit of Personal Finance complete

_____ 8) US constitution test passed _____ Missouri Constitution Test passed

Student's plan for achieving the 15 hour work requirement (be specific as to where the student is working or volunteering):

KCHS Counselor Signature: _____

Date: _____

Principal Signature: _____ Date: _____

Please attach a copy of the student's transcript.

Knox County R-1 School District

Missouri Option Program Contract

Student: _____

Parent / Guardian: _____

1. All Students will follow all rules of Knox County R-1 High School. By signing this contract you are stating that you have read and understand the student handbook.
2. By signing this contract you are stating that you have read, understand, and will abide by the rules and guidelines outlined in the Missouri Option Program information packet, especially the sections listed below:
 - Procedure and Requirements for graduation - Attendance Procedures - Work Requirement - FAQs
3. ANY scores received on the HiSET test while in the Missouri Option Program are VOID if the student drops or is dropped from the program. The HiSET scores received while enrolled in the program **CANNOT** be used to receive a HiSET.
4. The student agrees to do all work assigned by the instructor, stay on task, and not disrupt other students during work times. If the student disobeys a request by the instructor, is off task, or disrupts other students, the instructor reserves the right to remove the student from class that day. Any time missed after being asked to leave for the day must be made up before being allowed to graduate.
 - If the student continues to be off task, not complete the work assigned by the instructor, or disrupts other students, a meeting will be held with the student's parent / guardian to discuss consequences up to and including being dropped from the program.

PARENTS / GUARDIANS (parent / guardian must approve and sign regardless of student age):
 I give consent for _____ to be enrolled in Knox County
 R-1 School District's Missouri Option Program. I have read and understand these guidelines and
 will encourage my son/daughter to follow them.

Parent / Guardian Signature: _____

Date: _____

STUDENTS: I have read and understand the guidelines for the Missouri Option Program. I
 understand that if I violate these policies I will be dropped from enrollment.

Student Signature: _____

Date: _____
