Records of Serious Violations

The Superintendent/designee will prepare and maintain records of serious violations of the District's discipline policy. Individual student records are available to school employees who are directly responsible for the student's education or who interact with the student in the performance of the employee's duties. In addition, such discipline records will be made available within five (5) days to any requesting school district where the student seeks to enroll.

The District will report, in compliance with state regulations, the number, duration of and reasons for expulsions and suspensions of more than ten (10) days. Reporting Safety Threats to Department of Elementary and Secondary Education

The District will begin reporting all school safety events and credible school safety threats that occur at each District facility upon issuance of DESE's reporting procedures. Such reportable incidents include school shootings, credible threats of school shootings as well as threats and incidents involving firearms, explosives, knives, or other weapons as defined in Regulation 2620. The Board of Education may enter into reporting agreements with law enforcement officials concerning the criminal acts listed in Policy 2673.
